

Begin Project to Pave East Sloan

State Approves Main-Robinson Street Proposal

Council Discusses Lifting Recreation Restrictions at Lake

The Leon B. Stille Construction Co. has started the project to pave East Sloan street from South Main street to Route 34, it was revealed at yesterday's city council meeting.

The Stille Co., which last year received the contract to pave this street as well as O'Garra from Granger west to the cemetery, also has some finish-up work to do on O'Garra.

It was reported that the contractor has a dragline ready for duty on East Sloan near the New York Central tracks to lay sewer pipe on the project.

R. R. Brown, motor fuel tax engineer, said that state approval of the city's construction permit for the South Main-Robinson street paving project arrived last Saturday, thus the city could approve his plans and specifications for the job. The city approved his plans, subject to the approval also by the state division of highways, which means that in a short time the city should be asking for bids to do this pavement project.

Discuss Lake Recreation

Also discussed at yesterday's meeting was possible lifting of some of the recreation restrictions on Lake Harrisburg, but they did not include lifting of restrictions on fishing at the present time.

Some advocates of motor boating on the lake were present at the meeting and got some favorable response from some of the council members. Also, the possibility of a beach some distance from the valves at the levee was discussed.

There were indications that the possibilities will be discussed further at the next meeting.

But Mayor Gibbons said he had received a number of reports that people were catching the fish out of the lake—fish recently put into the water to stock the reservoir. The council decided to strengthen its ban on fishing at the lake at the present time—or until there has been enough fish propagation to make fishing feasible.

Mill Street Project

In another action, Commissioner Sneed Jordan reported he had made good headway on getting right-of-way to widen Mill street just south of Gaskins street. He said the property owner would give enough land for widening if the city would level down the lot. This, he said, would require removal of about 1,200 yards of dirt.

Engineer Brown said that Contractor Stille would need 700 or 800 yards of dirt to build up a fill at the railroad tracks on East Sloan and that he probably would take that amount away himself.

I. C. Dennis appeared in behalf of McKinley Avenue Baptist church. He asked that Sloan street in front of the church and McKinley avenue along its east side be widened on the sides of the church to eliminate a traffic hazard that exists. The council said it would make a study of costs.

Dr. D. W. Morris Outlines SIU's Contribution To Area in Kiwanis Fellowship Address Here

In an inspirational address at the Masonic temple last night, Dr. D. W. Morris, president of Southern Illinois University, outlined the continuing growth of the university and its increasing contribution to the communities of southern Illinois.

Dr. Morris' address was before representatives of Kiwanis clubs of Division 16 at a fellowship meeting held with the Harrisburg club.

Dr. Morris pointed to the obligation of the university to provide leadership in education, community improvement, agriculture, the need to provide research for use of southern Illinois coal and forestry products, help to small businesses in the area and to help southern Illinois develop its recreation areas to provide income from visitors and tourists.

Its obligation to the area also includes the fields of ceramics,

Eisenhower Proposes Eight-Point Platform to Keynote GOP 'Crusade'

WASHINGTON (AP)—The Republican Party went before the country today with an eight-point platform proposed by President Eisenhower to keynote the GOP "crusade" of 1956.

To Mr. Eisenhower the campaign was already on. He said the Republican campaign should be based on people and principles—equal rights for all people and no retreat from principle to compromise with expediency.

The President spelled out his platform ideas Tuesday night at a dinner closing a two-day Republican campaign strategy conference attended by 800 party leaders and members of Congress.

While avoiding such specifics as the farm issue and foreign policy, he presented in general terms the eight ideas which he predicted would provide the substance of the party platform to be adopted next August.

"The Republican platform will be a program of principle around which all Americans—Republicans, independents and sound-thinking Democrats—can rally," he said. "We welcome them all."

By his invitation to independents and Democrats to join the GOP in "an organized crusade," Mr. Eisenhower again sounded like the

GOP standard bearer of 1952. Individual is Supreme

When he spoke of a campaign based on people, he said the GOP must set up "no walls of birth or creed or party."

In visualizing the party platform, the President said in part:

1. "The individual is of supreme importance... every American of every race and creed should enjoy equally the rights and privileges of free citizens in a free nation."

2. "The spirit of our people is the strength of our nation."

3. "America does not prosper unless all Americans prosper."

4. "Government must have a heart as well as a head... government should increase and strengthen personal and family security without impairing the self-respect, the initiative and the incentive of the individual to provide for his own."

5. "Courage in principle, cooperation in practice, makes freedom positive."

6. "The purpose of government is to serve, never to dominate."

7. "To stay free, we must stay strong."

8. "Under God, we espouse the cause of freedom and justice and peace for all peoples."

Vote Canvass Shows McCormick Defeats Sullivan in District Race

Complete canvassed figures released by the canvassing boards of the eight counties in the 59th Representative district gave C. L. McCormick of Vienna a 150½-vote margin over Dale H. Sullivan of Harrisburg in their race for state representative on the Republican ticket.

Sullivan immediately said that he was considering a contest of the vote in some of the counties.

The Williamson and Saline county official figures were released this morning and in Williamson county, McCormick was given a total of 3,848 votes, compared with the 3,451 votes given him in the complete unofficial tabulations and Sullivan was given 1,143 votes, compared with 982 given him unofficially before the canvass.

The totals for the two for the second spot in the race, in which Gordon E. Kerr of Brookport finished in first place, was 15,389 for McCormick and 15,229½ for Sullivan.

Precinct Not Included

In Williamson county, where McCormick gained 236 votes over Sullivan in the canvassed vote compared with the unofficial figures, it was stated that one precinct, Herrin Precinct No. 6 at Johnston City, was not included in the unofficial totals, and the canvass reflected.

Auto Stolen

The 1956 orange-colored Studebaker coupe belonging to James B. Woolard of Galatia was stolen last night from its parking place in front of the Harrisburg city hall, Woolard reported today. It had not been located this afternoon.

vealed that McCormick gained about 155 votes on Sullivan there. There also were gains by McCormick shown in other precincts.

The Harrisburg canvass was certified at mid-morning and it showed that McCormick received 1495½ votes to 7,243½ votes for Sullivan. Others received: Kerr 3,488½, Colp 479½, Throgmorton 495½, Parish 661, Treggion 151 and Powell (D) 11,484.

Kerr finished ahead of the two fighting for the No. 2 position by more than 4,000 votes. Powell pulled up a big vote throughout the district for the Democratic nomination but the complete canvassed total was not available this morning as attention had been concentrated on the close Republican race.

McCormick, who is county clerk of Johnson county, called attention today to a statement carried by the Register yesterday which said more than 600 of the Republican vote was by absentee ballot. He said the absentee figure should have been for the total GOP and Democratic figure of 3,976.

Figures By County

Sullivan, when contacted here this morning, did not elaborate on his statement that he was considering a contest.

Here are the canvassed figures by county in the Sullivan-McCormick race:

County	McCormick	Sullivan
Williamson	3,848	1,143
Hamilton	1,256½	2,001
Saline	1,495½	7,243½
Gallatin	1,051½	1,051½
Johnson	5,019½	843

White House Says Soviet Offer is Welcome to U.S.

Snyder Reports Administration Studies Statement

WASHINGTON (AP)—The White House said today that President Eisenhower welcomes Russia's offer to help solve the Mideast crisis—if it "demonstrates a real desire" by Moscow to back the United Nations peace efforts.

The Soviet Foreign Ministry Tuesday announced that Russia was offering to support a settlement of the Arab-Israeli conflict.

Murray Snyder, assistant White House press secretary, said in response to questions that the Eisenhower administration "is of course still studying the Soviet statement, but if it demonstrates a real desire and determined nature on the part of the Soviet Union to back the United Nations effort, the President welcomes its support."

There were these other developments:

1. A Jewish delegation from Pennsylvania, asked the White House to conclude "a mutual security pact with Israel" in order to "prevent a world shattering" holocaust in the Middle East.

2. Sen. Mike Mansfield (D-Mont) accused the administration of "dangerous and futile indecision" on the Middle East. In a speech prepared for Senate delivery, Mansfield proposed a six-point action program, including a possible new "summit" meeting with Russia, to avert the "real and imminent danger" of a Holy Land war.

3. The White House announced that Mr. Eisenhower's "major foreign policy" speech to the American Society of Newspaper Editors Saturday night will be delivered over nationwide radio-TV networks from 9 to 9:30 a. m. CST.

In commenting on Russia's offer to support a U. N. settlement in the Middle East, Snyder pointed out that the President on April 9 had called on all members of the United Nations to support the U. N. effort to achieve peace in that area.

JERUSALEM, Israeli Sector (AP)—An Israeli Foreign Office spokesman said today he believed an Israeli-Egyptian cease fire would be announced today or Thursday.

Foreign Office spokesman Michael Elitzur said formal agreement to the cease fire request has been in the hands of United Nations Secretary General Dag Hammarskjöld for several days.

Elitzur did not disclose details of the agreement, which he said were "in the files" of Hammarskjöld.

Grace Kelly, Prince Rainier 'Oui' in Civil Rites

Mrs. John Hill of Galatia, Native of Monaco, Sends Congratulations to Prince and Bride

Knew Rainier When He Was Small Boy; Visited at Palace

A letter of congratulations to Miss Grace Kelly and Prince Rainier III of Monaco, who were married this morning in a civil ceremony in Monaco, was mailed recently by Mrs. John Hill, resident of Galatia who is a native of the small principality of Monaco.

Mrs. Hill was very reluctant to see in print a letter so personal as she was expressing the ideals and feelings she has for her prince and his bride, but The Register thought that the letter was of human interest to its readers.

Mrs. Hill, whose given name is Janine, is the daughter of Mrs. Honoria Vatrican and the late Henri Vatrican who passed away in 1928, and she is the only Monegasque living in the United States.

She came to America in 1946 to wed Mr. Hill who is watchmaker at the Grant Jewelry store and whom she met while he was a Ranger in World War II stationed near Monaco. She stated that they met at a dance in a neighboring town, and although Monaco was off-limits for the American soldiers, he managed to slip through the lines and see her during blackouts.

Once he was caught by the top brass of the Monegasque army and was held for two hours, but otherwise, he stated, "he could bribe the whole army of Monaco with one pack of cigarettes."

They were married in Chatsworth, Ill., at the home of Mr. Hill's grandmother.

Mrs. Hill, whose home was not far from the Palace of Monaco, knew Rainier III as a small boy and visited with him at the palace many times. She also attended parties where he was present and she and her sister and other friends played with him quite frequently. She recalled as a very small girl the visit of Prince Rainier's grandfather, Louis II, who was Prince of Monaco at that time, with her grandfather, Jean Vatrican, who was an architect. She stated that she and her family lived with her grandfather who died in 1938. Her father, who was also an architect, and her grandfather, helped build the Casino at Monte Carlo.

After the deaths of her father and grandfather Mrs. Hill's mother built a five-story house in Monaco and she and her daughter, Josette, who is a teacher, live on the top floor.

The population of Monaco is 25,000, but only 2500 are Monegasque; the rest of the population is of other nationalities. A foreigner must be of the third generation before becoming a Monegasque. Mrs. Hill's family is one of the oldest in Monaco.

Prince Rainier III is a descendant of the Gimaldi family which has reigned for 700 years in Monaco. The family came 700 years ago from the Italian seaport of Genoa. The people of Genoa were a people of navigators, and the characteristic still shows in Rainier who is a navigator himself and a lover of the sea. His great-grandfather was called the "Scientist Prince" and he studied marine life. One can find the same interest in Rainier who is a sportsman, one of his great loves being skin diving.

Prince Rainier did not attend public schools, but was a student at exclusive schools in Switzerland, England and Paris. He has a Ph. D. in law.

Seven years ago Mrs. Hill received an autographed picture from Prince Rainier.

Because of the wedding she sent a lovely American flag to her mother and sister to display for the wedding ceremonies and yesterday received a reply from her mother saying that they were delighted with the flag and that it was the most beautiful one in all Monaco.

Mr. and Mrs. Hill have two children, a son, Kenneth, 8, and a ten months old daughter, Josette Honoria, who is named for Mrs. Hill's sister and mother.

TRANSLATION OF LETTER by Mrs. Hill, sent to Prince Rainier III and his bride, Grace Kelly. The translation is in substance what she says in her letter, but the English does not express the sweet meaning expressed in French. The translation is as follows: Most enchanting of all the Princesses, Beloved bride of the most beloved of all the Sovereigns, the young Americans who are my children offer their best wishes, and my husband, happy and proud that America, twice linked to Monaco (the unique country), by the sweet ties of marriage, to his respects adds his homage. From my Prince, from Rainier, separated, yet his law is still my law and your happiness is dear to our hearts.

Take Solemn Vows in Throne Room of Castle

Couple Will Wed Again in Religious Ceremony Thursday

MONACO (AP)—Grace Kelly murmured "oui" with tears in her eyes today and became the wife and princess of a monarch so shy he gave her his kingdom without a kiss.

In the ancient crimson throne room of a castle on the cliffs above the Mediterranean, she sat beside Prince Rainier III and gravely took her solemn civil vows of marriage under statutes of his state and tradition of his dynasty.

She blinked her shining eyes and clasped her hands while Judge Marcel Portier said to her, "Mademoiselle Grace Patricia Kelly, do you take as your husband His Serene Highness, My Lord Prince Rainier III, here present?"

GRACE WEARS SUIT FOR CIVIL RITES; COSTLY WEDDING GOWN THURSDAY

MONACO (AP)—Princess Grace Kelly wore a suit of handmade rose beige lace embroidered in a floral pattern at her civil wedding today.

Thursday, at the religious ceremony, she will wear Hollywood's most costly wedding creation, a five skirted lace and tulle gown with two lace love birds sewn on the back.

Probably only Doris Duke could afford the gown which took 35 milliners, beadsmen, seamstresses, embroiderers and dyers nearly two months to make. It was given to Miss Kelly by MGM studio.

Her chiseled chin tipped up and her murmured "oui" was a pledge from the heart.

Prince Shows Tension

The judge turned then to Rainier whose fingers fidgeted tensely in his lap.

"May I, very respectfully, ask Your Serene Highness if he agrees to take as his wife and legitimate spouse Mademoiselle Grace Patricia Kelly, here present?"

"Oui," the prince replied in a low but steady voice.

At that moment—11:14 a. m. (4:14 a. m. CST), the bricklayer's daughter from Philadelphia who became first lady of Hollywood ascended to old world royalty with titled rank and realm.

"I pronounce Your Serene Highness united by the bonds of marriage," said the judge in the first usage of Grace Kelly's royal title.

Couple Glances Shyly

The newlyweds stole a shy glance at each other from the gilded chairs where they sat beside each other before the scarlet-canopied throne.

But Rainier did not seal it with a kiss. This was a solemn state occasion, a civil ceremony, and he chose to keep a regal atmosphere.

Thursday they wed under religious laws of the church and only after the Cathedral ceremony do they begin their life together.

The DAILY WASHINGTON MERRY-GO-ROUND By DREW PEARSON

DREW PEARSON Says:
Marshall Zhukov May Visit
Washington; Democrats Fail
To Sell Seats To \$100 Dinner
For Woodrow Wilson; Eisen-
hower And Editors Will Steal
The Show Next Saturday.

WASHINGTON. — It isn't sup-
posed to be announced, but plans
are under discussion to have Mar-
shal Zhukov, Eisenhower's war-
time co-commander in Germany
visit the United States in Septem-
ber or October.

For some time the Kremlin's
two Rover boys, Khrushchev and
Bulgakov, have been discreetly
hinting that they might like to
visit the USA. This has been met
with State Department rebuffs, for
to welcome the two Soviet sight-
seers in an election year is con-
sidered poor political strategy
plus a real security problem. The
job of protecting Khrushchev and
Bulgakov from the many refugees
and White Russians in this country
makes Secret Service men shud-
der.

However, when Marshal Zhu-
kov hinted, during a diplomatic
reception in Moscow, that he
might like to come to the USA,
there was a more favorable re-
sponse.

In the first place, Zhukov is
considered the rising star of man
of Russia. Second, the visit of an
army man who is not an active
Communist would sit better with
the American public. Third, such
a visit would further the idea that
President Eisenhower, through his
wartime associations, might lead
the USA toward a Russian-Ameri-
can peace.

The plan is still in the discussion
stage, but the Zhukov visit is strong
that Marshall Zhukov will come to
Washington for a call on his old
wartime buddy during the height
of the election campaign.

DEMS DISHONOR WILSON

Worst egg the Democratic Na-
tional committee has laid in a
long time is looming Saturday
night when the biggest Democratic
dinner of the year is expected to
be held in a half-empty armory.
Instead of making money for the
already in-debt Democrats, it will
put them in the light of failing to
honor a great Democratic hero,
Woodrow Wilson, and of being
woefully incapable of matching
Len Hall's triumph when he col-
lected \$3,000,000 at Madison Square
Garden Jan. 30 for Ike.

Reason for the fiasco is that the
dinner is slated for April 21, when
it faces the following competing
attractions:

Attraction No. 1 — Margaret
Truman is getting married. So
top Democrats will be in Inde-
pendence, Mo., not Washington.
Attraction No. 2 — Minnesota
Democrats are holding National
dinner on the same night.
Attraction No. 3 — Senator Ke-
fauver is speaking with Senator
Wayne Morse in Oregon to launch
the beginning of his own and
Morse's campaign.
Attraction No. 4 — Eisenhower
is speaking before the American
Society of Newspaper Editors at
their big wind-up dinner in Wash-
ington.

Planners of the Democratic din-
ner should have known better than
to stage their dinner on the same
night as the editors' dinner, the
latter having been set a year in ad-
vance. However, they knew that
Adlai Stevenson was scheduled to
be in Washington that week end,
the Democratic high command,
long pro-Stevenson and anti-
Kefauver, figured it could high-
light Adlai and ignore Estes.
Estes, however, promptly ac-
cepted an invitation to help Sena-
tor Morse in Oregon. Meanwhile,
the Republicans rushed Eisenhow-
er in a top speaker at the Editors'
dinner, he will black out Steven-
son.

As of this writing, 800 tickets
are sold for the armory which
seats 3,000 people. Tragic prob-
ability is that Democratic speak-
ers will be extolling Woodrow Wil-

Awards Indicate Mrs. David Guard High in Judging

Prizes won by Mrs. David Guard in the Mrs. America for Illinois indicate that she was right in the middle of the competition. Although only the Mrs. America for Illinois candidate was chosen — no seconds or thirds or fourths were given — apparently Mrs. Guard, one of 10 finalists, was second or at least third judging from the awards.

She received a range and oven built into cabinets as a prize while other girls received ranges, a sewing machine, refrigerator, metal ironing boards, and ironing boards and irons.

The winner was Mrs. Phillis Rouse of Grayslake. In the competition the girls had to cook, including bake, sew and iron on the stage in front of judges.

The Rhodesian ridgeback is the newest breed of dogs admitted to the American Kennel Club. It somewhat resembles a Weimaraner.

REV. BILLY WATSON, Eldorado, will be the guest speaker at special youth services tonight and Friday at 7:30 p. m. at the South Land Street Church of God. The public is invited.

Royal Daughters Class Observes 23rd Anniversary

The Royal Daughters Sunday school class of the Dorrisville Social Brethren church observed the 23rd anniversary of their class organization at the home of Mrs. Eckle Myers Thursday night.

Several were in attendance who were present when the class was organized at the home of Mrs. Myers in April of 1933.

A beautiful three tiered cake was presented by Mrs. Clara Wilson and later in the evening was enjoyed by those present along with sandwiches and orange sherbet.

New class officers were elected and various standing committees were appointed. Mrs. Pearl Aldridge was elected president, Mrs. Golda Dunn, vice president, Mrs. Eula Pinchoff, secretary and treasurer, and Mrs. Marie Sullivan, reporter.

A visiting committee was appointed, also a flower and bereavement committee.

Entertainment was conducted by Mrs. Rose Morse and Marie Sullivan.

Each person present told what the class had meant to them in the past. A warm welcome greeting was given by the hostess.

The next meeting will be held at the home of Mrs. Mary Barger in May.

Those present besides ones already mentioned were Mrs. Georgia Dempsey, Mrs. Ruth Sloan, Mrs. Loretta Gullett, Mrs. Frankie Moore, Mrs. Arcadia Wilson, Mrs. Oma Johnson, Mrs. Essie Souheaver, Mrs. Gertie Cook, Mrs. Fannie Gates, Mrs. Lee Wright, Mrs. Alice Forwe, Mrs. Carrie Randolph, Mrs. Louise Butler, Mrs. Nancy Blue, Mrs. Cordelia York and Mrs. Mary Barger.

Those having birthdays this month received gifts from their mystery pals.

It was announced that the annual Founders' Day party would be held Monday, April 23, with the three Sigma Phi chapters, Xi Beta Omega, Xi Chi and Beta Kappa, being invited. It will be observed at 6:30 p. m. with a dinner at the First Presbyterian church.

Prince and Grace Wed in Civil Rites

(Continued from Page One)

Thursday's ceremony also may be kissless.

"It's seldom done and often not in Catholic ceremonies," Grace explained tremulously after today's formalities were completed.

"I doubt that we'll do it Thursday either."

Almost in Tears

She still was having trouble swallowing back the tears.

"I'm kind of numb," she said. Legally, divorce said she now could be called princess.

When she learned she had 138 titles, she gasped.

"Oh, no," she said, scanning a list of names offered her. "I've never seen them all in one place before."

She lifted her first glass of champagne after the marriage with United Press Correspondent Wilbur Landrey and two other reporters in the living room bar of the prince's private apartments.

Grace entered the throne room three minutes late for today's ceremony, her eyes large with nervousness.

Solemn, Shy, Lovely

She was solemn and shy, but lovely in a head-hugging, off-face cloche hat and high-necked dress of rosy beige. A slender bow of ribbon was tied under her chin. She sat bold upright with her feet primly placed side by side.

Rainier in morning coat was much more nervous than she. He rested his left forefinger under his mustache and sat tensely as Portantier began reading his opening speech.

In mid-reading of the Code of Napoleon, Rainier ran his finger inside a collar which suddenly seemed to have become intolerably tight. His eyes strayed to the frescoed ceiling.

Grace Signs First

Then it was over. The marriage register was passed to the still-seated newlyweds. Grace signed first. Carefully she stripped off her right glove. She steadied the book with her left hand and wrote in painstakingly neat script "Grace Patricia Kelly."

Rainier signed and then members of their families stepped before the throne and signed their names as witnesses.

The starched diplomats among the 120 guests rose and filed stiffly into the palace's Blue Room to meet the ruler and his princess in the names of their governments.

A wedding lunch was scheduled and tonight the royal couple were to be guests at the opera before Rainier returns to his bachelor villa to await Thursday's religious ceremony.

Bishop Giles Barthe, who will wed them in the Catholic faith tomorrow, was present in gown and barettas today at the secular ceremony.

Jets Roar Salute

Just as the ceremony ended, two jet fighters swept low over the harbor out of a leaden and sunless sky in a shrieking salute to the newly married couple.

Capistrano's Swallows

The famed swallows of southern California's mission of San Juan Capistrano are cliff swallows, one of the few western birds that live close to man.

public, high schools, colleges and universities.

The growth also will bring an increasing demand for buildings and the university must add new and broader curriculum. Atomic energy research which is an entirely new area for the schools, must be added and the university must keep pace with new developments.

Dr. Morris stated the university is using 140 temporary structures now and its building needs include more dormitories, a new physical education building, home economics building, office and class room buildings, and a student union building which is being planned with alumni and student contributions.

Dr. Morris was introduced by Sen. Glen Jones who stated the most important resource in the area is the minds of men, and the most important factory in the area is the mind factory at Southern.

Ronnie Doerge, president of the local club, welcomed the visiting members and introduced Lt. Governor Leon Whitney of Anna, who called the roll of visiting clubs. Members were present from Marion, Shawneetown, Anna, Cairo and Harrisburg.

Entertainment was provided by a boys' quartet from the HTHS, John Baker, Dick Childress, Larry Landers and David Burnam, who sang several numbers accompanied by their director, John Schork.

Group singing was led by Bob Burnett with Mr. Schork at the piano. Special visitors last night included Harry Clark of Vandalia, a guest of Frank Gray, and Ed McGraw, Boy Scout field executive, guest of Charles Shindler. Russell Bartness was introduced as a former member who has rejoined the local club.

Richard Davenport was introduced as the new vice president of the local club and Fred Wunderlich was announced as a candidate for lieutenant governor next year.

Eisenhower Faces Politics Even at Baseball Opener

WASHINGTON (AP)—President Eisenhower couldn't get away from politics—even at the ball game.

When the Senators put Truman Clevenger in as a relief pitcher against the Yankees Tuesday, the President apparently didn't hear his name announced, but he got the idea an instant later when fans about began shouting to the rookie hurler, "Give 'em hell, Harry."

Mr. Eisenhower got the idea and laughed heartily. Earlier, after the President threw out two first pitches to oblige photographers, a fan seated near him shouted loudly: "That's enough politics—let's play ball."

Sportsmen's Show At Carbondale Armory April 19-21

CARBONDALE, Ill.—More than 15 companies ranging from Memphis and St. Louis to New York are planning to have equipment displays and demonstrations at the first annual Sportsmen's show scheduled for the Carbondale Armory April 19-21.

Boats, fishing tackle, camping equipment, guns, and boat trailers will be among the many exhibits for the show—first of its type ever held in the Carbondale area.

Sponsoring the show is the Physical Education Majors club of Southern Illinois university. Club officials believe it will be one of the largest, if not the largest, displays of outdoor sporting equipment ever assembled in southern Illinois.

Demonstrations, movies, and an Illinois Dept. of Conservation display are other highlights of the exhibit.

The show will be open from 7 to 10 p. m. April 19 and 20 and from 2:30 to 5 p. m. and 7 to 10 p. m. on Saturday, April 21.

Shawneetown Gets One Hit, Beats Carrier Mills, 4-3

Carrier Mills' pitchers limited Shawneetown to one hit Tuesday, but the defense fell apart to err 11 times and the visiting Shawneetown team won by a score of 4-3.

Shawneetown scored once in the fifth and three times in the sixth to win. Carrier Mills had a three-run third.

Carrier Mills had three runs, seven hits and 11 errors. Shawneetown had four runs, one hit and one error.

Evans and Cowger pitched for the losers, with Collins the receiver. Nolan went all the way for the winners and Drone caught. Drone had Shawneetown's lone bingle.

Absher and O. Rollins had two hits each for Carrier Mills, one of Absher's blows being a double. Collins had the longest hit of the day, a triple.

Carrier Mills plays at Harrisburg next Wednesday and at Ridgway the following day.

Flying Skill of AF Pilot Praised In Forced Landing

HAMILTON, Ont. (AP)—The cool-headed flying skill of a U. S. Air Force pilot was credited today with saving the lives of 96 men and 1 woman aboard a U. S. Globemaster troop transport that made a forced belly-landing near here late Tuesday.

The pilot, Capt. Jack Wofford, brought his 83-ton plane down at the Mt. Hope Royal Canadian Air Force Station after two of the four engines failed on a flight from Lackbourne, Ohio, to Harmon Field, Nfld.

Canadian air force officials paid glowing tribute to Wofford for his skillful landing. They pool-poohed reports that there had been "hot" reaction to gun-carrying U. S. Air Force and Army guards around the downed plane.

Find Undelivered Christmas Mail in Mailman's Motel Room

CHICAGO (AP)—Mailman Alvin Timm explained to Federal Judge Joseph Sam Perry Tuesday why his motel room was crammed with sacks full of undelivered Christmas mail. "I was just tired, your honor," the Joliet, Ill., mailman said. "I hoped to get it all delivered in the future."

Phillies Bounce Dodgers, 8-6; Musial Homers in Ninth as Cards Win, 4-2

They used to say "Wait 'til next year," when things went bad in Brooklyn but now maybe the chant will be "Bring back last year."

Things certainly didn't look as bright today for the world champions, as in that most glorious spring-time of 1955 when the Brooks won 10 in a row, 22 out of 24, and made a shambles of the pennant race.

This time they lost their opener, 8-6, to the Phillies and the victim was Don Newcombe, the right-handed ace of last spring who also won his first 10 games. Big Newk was bounced in a five-run third inning rally in which Jim Green-grass hit a three-run homer. Robin Roberts, the Philly phenom, was no better than he had to be and was touched for homers by Junior Gilliam and Roy Campanella.

The Yankees and Senators set a Griffith Stadium one-game mark for homers in the 10-4 New York triumph before President Eisenhower with six round-trippers. Two by switcher Mickey Mantle of the Yankees, batting lefty against right hander Camillo Pascual, cleared the center field barrier which is 31-feet high. Both went more than 500 feet. It marked the first time one batter had cleared that fence twice in a game. Karl Olson of Washington also hit two homers and rookie Dick Tettelbach got one and Yogi Berra of the Yankees hit one.

Elsewhere, pitchers reigned in the American league. Billy Pierce pitched a five-hitter for the White Sox to beat the Indians 2-1 at Chicago and Alex Kellner gained a 2-1 victory for the Athletics at Detroit when Gus Zernial pinch-homered with a man on base. Frank Sullivan pitched Boston to an 8-1 triumph behind 16-hit support against Baltimore.

By United Press
WASHINGTON (AP)—The House today upheld President Eisenhower's veto of the farm bill.

The controversial measure was killed when a Democratic motion to override the veto failed, as expected, to win two-thirds approval of the House. It takes a two-thirds vote of both the Senate and House to override a veto. Since the House failed to override, no Senate action was necessary.

The action left in doubt what kind of new farm bill, if any, Democrats would try to put through Congress.

Speaker Sam Rayburn told newsmen "something may be done." He declined to elaborate.

But Chairman Harold D. Cooley of the House Agriculture Committee said President Eisenhower's renewed request for a billion dollar soil bank hasn't "a Chinaman's chance" of being enacted at this session of Congress.

Ridgway Blanks Galatia, 15-0

Ridgway combined a successful bunting game with five bases on balls and three solid doubles to roll up a 15-0 decision over Galatia in a high school baseball game Tuesday afternoon. The game was played at Ridgway.

Galatia fashioned only one safe hit and had another batter to reach base on a walk, but both were picked off by the catcher, so Galatia had only 15 men at the plate in the abbreviated 4½ inning game.

Clifford, Lawler and Hise each banded out a double for Ridgway. Dale Tate had Galatia's only hit.

Ridgway scored 14 runs on nine hits and played errorless ball, while Galatia had no runs, one hit and made five errors.

Ridgway plays at Harrisburg Friday.

Alabama Athletic Squad Revolts Against Strict House Rules

TUSCALOOSA, Ala. (AP)—The University of Alabama athletic squad threatened to quit today in a revolt against new strict house rules at their rent-free dormitory.

Ninety-two of the athletes, including top football and basketball performers, walked out of the dormitory Tuesday night, saying they won't come back until coaches agree to treat them "like men."

The group gave Athletic Director Hank Crisp until 1 p. m. Thursday to comply with five demands—including fewer restrictions on the players between seasons, fewer bed and study hour checks and more weekend privileges.

Meyner Wins Near Shut-Out Over Kefauver

NEWARK, N. J. — Gov. Robert B. Meyner won a near-shutout victory over Sen. Estes Kefauver in the New Jersey primary race for 36 Democratic National Convention votes, almost complete returns showed today.

With more than three-fourths of the votes counted, Kefauver was assured only of one delegate with a half vote at the party convention next August in Chicago. He had hoped to win 8 to 10 votes.

Kefauver showed early strength in south Jersey in the paper ballot counties but it was not sufficient to offset the organizational turnout in populous Camden County. His supporters conceded their entire eight-vote slate of pledged delegates about midnight.

Eisenhower Tops Kefauver
In the presidential preference voting, Kefauver ran without opposition on the Democratic ballot and polled 104,474 votes, with 3,830 of the state's 4,160 election districts reported. Adlai E. Stevenson got 2,850 write-in votes.

President Eisenhower, who defeated the late Sen. Robert A. Taft in a bitterly contested New Jersey presidential primary four years ago, was unopposed on the GOP ticket. He polled 310,382 votes, with 3,830 election districts reported.

In the statewide race for convention delegates, Meyner's uncommitted slate defeated Kefauver by a vote of 162,166 to 68,517, with 3,147 districts reported.

Regular organization Democrats termed the outcome a setback for Kefauver, who had campaigned strenuously in what added up to a

popularity contest between him and Meyner.

However, Kefauver, campaigning in California, said he was "highly pleased" with the size of his New Jersey vote. He said it was "more than I expected to receive."

Report Mediator Enters Du Quoin Packing Dispute

DU QUOIN, Ill. — A federal labor mediator was reported today to have entered the negotiations in the 4-day-old strike of production workers at the Du Quoin Packing Co.

The 222 members of the United Packinghouse Workers walked out Saturday night. They asked wage increases ranging from 23 to 87 cents an hour. The company of-

ferred a general 15 cent hourly increase.

No negotiations have been held since Thursday and it was reported A. M. Thompson, a federal labor mediator, was trying to get union and company representatives together today.

ALCOA to Build Huge Plant Near Evansville

EVANSVILLE, Ind. — The Aluminum Company of America announced today it will build a 150,000-ton smelting plant and a 375,000-kilowatt steam power plant on the Indiana side of the Ohio River in Warrick County.

ALCOA's announcement, followed reports several weeks ago that such an installation would be built. The plant will employ about 1,200 persons on an annual payroll of about five million dollars.

Site of the plant is 18 miles east of Evansville at a point south of Boonville and east of Newburgh, near the small town of Yankee-town.

John D. Harper, general manager of the firm's smelting division, said the smelter and coal-fired power plant will be built at a cost of about 80 million dollars.

First production at the new plant is scheduled for the fall of 1957, using interim power from the Southern Indiana Gas & Electric Co. until the firm's own power plant is completed around the middle of 1958.

ALCOA worked out a long-term contract with Peabody Coal Co. for mining and supplying Indiana soft coal to the electric plant, and with Southern Indiana for operating the power installation.

SIEA Meeting at SIU April 19-20

H. Clay Tate, editor of the Bloomington Pantagraph, and Charles L. Paul Vannier, SIEA president and publisher of the Bluffs Times, announced today.

Tate will be the luncheon speaker, and Blanton will address the editors following the annual banquet at Giant City State Park Lodge. SIU president, D. W. Morris, will welcome the group to Southern's campus. More than 100 are expected to attend.

Included on the program will be talks by Mrs. Royce Bridges, Vienna Times, Wayne Rowland and William Horrell of the SIU journalism staff, a panel—"All Type Lice are not in the Back Shop," a session on best ink and paper combinations, and entertainment by SIU students.

Officers will be elected Saturday, and the new president will be honored in a traditional ceremony involving the "presentation of the plunger."

It is expected that a substantial portion of the latter allocation will go to the forestry research center at Southern Illinois university, Sen. Dirksen stated.

Farmer Is Not Political Power He Once Was in Presidential Election

By LYLE C. WILSON
United Press Staff Correspondent
WASHINGTON — The American farmer and the American farmer are basic in the nation's economy and no one denies that. But the American farmer is not now the political power house he used to be in a presidential election. There aren't enough of him. The Commerce Department keeps tabs on farmers and others. There were in 1930 about 10,160,000 persons 14 years old and over engaged in farm work in the United States. The number had dropped to about 6,840,000 in 1950. The 1930 farmers represented 21 per cent of the gainfully occupied national labor force. The 1950 farmers were only 11.6 per cent of that force.

Carrier Mills Register

Kenneth Hart

SCOUTS OF TROOP 17 TO ATTEND PILGRIMAGE TO TOMB OF ABRAHAM LINCOLN
Six Scouts and one adult from troop 17 will attend the Boy Scout pilgrimage to the tomb of Abraham Lincoln at Springfield Sunday, April 23. Scouts from all troops of Illinois will be represented there. Scouts to represent Carrier Mills will be L. C. Keel, first class Scout; James Kirby, 2nd class Scout; Harold (Butch) Prather, second class Scout; Freddie Whiting, 2nd class Scout; Robert Hartford, tenderfoot, and Larry Ricketts, tenderfoot. Assistant Scoutmaster Clyde Duffee will be in charge of the group. The Scouts will leave Carbondale by bus at 8 a. m. and arrive in Springfield at 11:30 a. m. They will have lunch and then get ready to march in the parade which will begin at 2 p. m. The Scouts will begin their return trip home about 4:30 p. m. They will have supper on the way and arrive back in Carbondale about 9 p. m.

ers now than in 1820, but population has doubled and redoubled many times over. The civilian labor force alone was estimated in 1954 to be nearly 64.5 million. Farmers represented about 10 per cent of it. Ten per cent of the working population is a sound and lusty minority. But there are other minority groups which far outnumber American farmers. The Commerce Department, for example, estimates the U. S. Negro population at more than 15 million. Membership of the newly merged American Federation of Labor-Congress of Industrial Organizations is estimated in the neighborhood of 16 million. The southern Baptist convention of the U. S. numbers nearly 8 million. The Methodist Church counts somewhat more than that. The Roman Catholic church has nearly 31.5 million members. Jewish congregations trail the farmers with an estimated membership of 5 million.

Four Major Conventions
There are four major Baptist conventions in the United States. They add up to about 15,575,000. All of these are pressure groups or potential pressure groups. Baptists and Methodists applied much of the pressure which obtained the 18th Amendment to the Constitution and the experiment of national prohibition. The pressure of Negro voters, transplanted in the past 40 years to industrial northern states, has been the biggest factor in obtaining civil rights legislation and spreading integration of the races at all levels. Compared to some of the others, the American farmer is a small minority, widely scattered but with large areas in which he has no representation at all. These minus areas are in the large, consuming cities and industrial areas. Walter P. Reuther, however, and other top labor leaders are moving aggressively for a farmer-labor voting combination. That would be a real power house in United States politics.

Carmi Minister Resigns with Most Of Congregation

CARMI, Ill. — The Minister and three-fourths of his congregation have left the Carmi Church of God because of a dispute over the cleric's evangelistic activity. The Rev. John J. Cody resigned his pastorate and from the international Church of God Sunday night. Seventy-five per cent of his congregation resigned with him and they plan to start a non-denominational church in Carmi.

An overseer of the church, the Rev. F. W. Goff, Mount Vernon, told Rev. Cody Sunday several Illinois ministers placed charges against him because of his work for the Gospel Evangelistic Assn. The Rev. Cody was denied a chance to speak to his congregation Sunday night and resigned. Joining him were the church's treasurer, secretary, clerk, Sunday School superintendent and several teachers. A 154-pound halibut landed by rod and reel near Pacific City, Ore., is believed to be a record catch for that fish.

Britain Announces Plans for National 'Savings' Lottery

LONDON (U.P.)—Britain announced plans for a national "savings" lottery on the Soviet style today as part of its 1956-57 budget. Chancellor of the Exchequer Harold MacMillan included nationalized gambling in his blueprint for beating the inflation that has sent prices soaring at home and British exports sinking abroad. In submitting his budget to Parliament, MacMillan included the

lottery angle by saying the government will issue savings bonds of small denominations. But these will pay no interest. Instead, the bond numbers will be drawn in a lottery and the usual rate of interest shared among the winners of the draw. World's Largest

American Churches Suffering from Shortage of Priests and Preachers

WASHINGTON (AP) — America's churches are suffering from a serious shortage of priests and preachers, a survey showed today.

Both in the Roman Catholic Church and in major Protestant denominations, officials reported

that the demand for clergymen far exceeds the supply. Thousands of churches in all parts of the country are forced to get along without full-time pastors.

The deficit of trained ministers has been growing steadily more acute for the past decade, under the impact of a nationwide boom in church membership.

Despite strenuous current efforts to enlarge seminaries and to recruit more young men for ministerial careers, the situation seems likely to get worse before it gets better.

The number of men graduating each year from seminaries is hardly sufficient to meet present replacement needs, let alone staff the thousands of new churches which will be built during the next few years to accommodate a continuing growth in membership.

Figures from representative denominations showed how today's churches are re-learning the truth of Christ's plaint that "the harvest truly is plentiful, but the laborers are few."

According to the official Catholic directory, Catholic membership in the United States increased nearly 36 per cent in the decade between 1945 and 1955. But the number of priests increased only 22 per cent. There was one priest for every 623 American Catholics in 1945. Today, the ratio is approximately one to 700.

The National Council of Churches says about 6,500 men graduate annually from all U. S. Protestant seminaries. A conservative estimate of the number required to serve the expanding churches is 10,000 a year.

The largest Protestant denomination, the Methodist Church, alone needs at least 1,200 new ministers a year to replace those who die or retire, plus another 1,600 for church expansion. Its accredited seminaries are now furnishing less than a third of this number.

CHECKING SOME OF THE 500 NEWLY ARRIVED VOLUMES of Southern Illinois university newspaper files at the Southern Illinois university library are Ferris S. Randall, left, SIU library assistant director for technical services, and James E. Tydeman, chief of the library serials department. (SIU Photo Service)

Bound Volumes of 40 Newspapers in Area Transferred from U.I. to SIU

CARBONDALE, Ill. — Nearly eight tons of Southern Illinois newspapers have been transferred from the University of Illinois to the new Southern Illinois university library, according to James E. Tydeman, chief of the SIU library serials department which maintains records on the files.

Comprising the acquisition are approximately 500 bound volumes of newspapers representing 40 communities of the area. Most of the files go back to the years just before World War I. The oldest is that of the former Herrin News for which some files were obtained for the years between 1909 and 1920.

Nineteen of the newspapers represented have either ceased publication or changed names. The list includes 34 newspapers still publishing in southern Illinois. An additional 70 volumes of Carmi newspaper files have been received as a gift from the State Historical Library in Springfield.

Tydeman says the SIU library will continue to maintain the collection and is currently receiving 43 weeklies and nine dailies or semi-weeklies from the area. He hopes microfilm copies of newspapers in the area will become available in the future because newsprint deteriorates rapidly, and the bound files require much storage space. Tydeman says the library will welcome other contributions of newspaper files from the area to add to the collection. Arrangements are being made to purchase the Southern Illinoisan newspaper on microfilm.

Dr. John Clifford, SIU social science librarian who will have charge of the collection, says the newspaper files are a valuable beginning toward an archival collection at SIU. Clifford, a native of Southern Illinois, recently joined the library faculty after receiving his doctorate in history at the University of Iowa.

Currently operating area newspapers represented in the files include the Harrisburg Daily Register.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Weather makes the news when it causes disaster, hardship, suffering or disturbance to normal living. Headlines tell about floods, blizzards, heat waves, tornadoes or other unusual conditions but little is ever written about normal weather. Generally, any news stories about weather include incidents of death and destruction.

Somehow our interests in people are like the news about the weather. We do not seem to be as interested in the millions of happily-married people as we are in the few who become involved in spectacular divorce cases.

We read avidly about the scores of young people caught up in the web of juvenile delinquency but we think little of the 95 per cent of youth who never tangle with the law.

We buy paper after paper to read about scandals surrounding a few famous persons. We see nothing newsworthy in the stories of millions of people who honestly work for their living, buy millions of new homes, invest billions of dollars in banks, bonds and insurance policies, and live very normal lives. In spite of our apparent hunger for "rough stuff," we all enjoy our moral, honest, religious way of life which is prevalent in America.

It would be interesting if we were to demand stories of normal living from our reporters of news.

THE STORY: Mike Morrison, an American, has been caught by the German invasion of Greece in 1941. Worse, he has information that the Germans want, a coded list of underground leaders he was to deliver to London. A British intelligence agent, Soutar, is killed during the escape.

Soon my time will come, Zervos thought. Reward from these German louts is small but a man can make his own rewards. He, Zervos, had played the right side. German occupation was a fact. A man does not want to be a government clerk all his life.

He thought of some of the wealthy Greek citizens. He, Zervos, had the power of the German police behind him. Soon he would be paying friendly visits to these wealthy patriots of his. He would advise them, in a nice way of course, that they were suspect by the Gestapo. Zervos could be their friend and benefactor and could arrange protection for them. Unfortunately, such protection would cost quite a sum of money.

Zervos' dream vanished as Heilser entered. For a second they exchanged stares of mutual hate, distrust and fear.

Zervos shrugged his shoulders and flopped his hands to his side in a helpless gesture. "He was disappointed in this air. We have turned Nauplion inside out." Heilser squashed his cigaret. "Do you know what kind of a man we are up against? We are up against a cornered rat. Nothing is more dangerous, more ingenious than a man who fights for his life." Then Heilser began to recite, as though he were speaking to himself: "He will try to get to Athens sooner or later. He will try to contact someone here. It will be someone Soutar told him to contact. One of a dozen known sympathizers of the British whom we already keep under scrutiny."

Mike Morrison glanced around at the walls and stopped again and again to gaze at pictures of men with bushy beards or women with startling big black eyes. Scattered around the room were rudely built chairs and tables with a large loom in the center.

In an instant his mind flooded with recollections and he bolted up, then overcome by dizziness,

and flopped back on the bed—a six-foot-wide bed built over an oven.

A handsome, tanned girl of 20 stood over him. She had huge black eyes and her jet-black hair fell softly onto a pair of smooth brown shoulders. She wore a multicolored skirt with a wide belt that reached clear up to her short bolero jacket.

"Help me up—I've got to get to Athens..."

"Calispera," the girl whispered and ran from the room like a startled fawn.

Mike tried to struggle up. Out of the corner of his eye, he spotted his clothes on a chair near the bed. He reached out and worked through the pockets until he felt a pistol which he placed beneath his pillow.

In a few moments the girl returned with a man.

The man was short and stocky and bald except for a horseshoe fringe of hair. He sported an enormous, neatly waxed, handlebar mustache and wore a ballerina skirt with long white stockings banded in black around the knees. He had on a white blouse and a small cap falling away into a long

tassel, and on his feet were pointed slippers with bright red pompons.

The ballerina man announced with much gusto in broken English, "I am Christos Yalouris, and this is my niece, by name—Eleftheria. Eleftheria, takes care of my aged mother in Dernaica but I sent her to attend you. And what is your name?"

Mike's hand reached up and felt the bandages binding his head. His fingers traced a large scab which ran from his forehead to his jaw.

"I'm—I'm sorry... Forgive me. My name is Jay—Jay Linden," Mike said. "Where—where am I?"

"You are in Paleachora."
